## [Dorene Joyce - Program Details - Joy in the Journey - Get Your Creative Hat On!](#)

Quilting has brought me much joy in the journey. In this program I share quilts from my trunk show and talk about finding my Artistic Voice in quilting. I will share tips and techniques that work well and those that I found did not work as well for me. The methods and materials will be discussed to inform the audience as why I use the products and methods I use in my art quilts. The talk will center around learning & growing as a quilter no matter what your favorite type and will encourage quilters to let go of their fears and try a little creativity!

I have had an interest in art and design since I was a child. When I was about 9 years old, I learned to sew and have been creating home decor and other objects d'art all my life.

I am a 2008 graduate from American InterContinental University, with a Bachelor of Arts in Visual Communication and I have a Masters Degree in Education from Ashford University. I have also attained the Competent Speaker award in Toastmasters Club and enjoy sharing my Joy in quilting with Quilt groups. I would love to come talk to your group to share my Joy in the Journey!
